

## IMPORTANT UPDATES to serve you better.

### A QUICK NOTE ABOUT MENU AND PRODUCT AVAILABILITY

**Many food and beverage supplier-partners are struggling with production and supply chain challenges.**

We assure you we are working aggressively and diligently to minimize product shortages whenever and wherever possible.

On occasion, we may encounter short supply of a particular product, in which we may substitute a similar selection for a temporary period of time. We continue our focus on quality with each of these decisions.

We sincerely appreciate your understanding, flexibility and patience.
